Life in Birmingham

- NOT Birmingham in United Kingdom!
- The Magic City → The Tragic City
- Civil Right Movement (1955)

My life at UAB

- Infectious disease- 2 weeks
- Clinical Radiology- 4 weeks
- Cardiology consult- 2 weeks
- Noon conference(lecture), Case conference, Journal reading

Infectious disease

- Consultation team
- Pre-round before ward round (10:00 or 13:00)
- IE, intrabdominal infection, meningitis...etc
- Patient presentation, assessment and plan

Radiology

- (Interventional Radiology)
 - TAE, GJ tube, angiogram...etc
- Clinical Radiology
 - Head and Neck CT, Head MRI, Neck US, Chest CT, Chest Radiography, Abdomen CT, Abdomen Plain Graph, Nuclear Medicine, GU/GI, etc.
- Noon lecture everyday!!
- On line pre-test, post-test, case presentation(5~7mins)

Cardiology consult

- elevated troponin, abnormal EKG, heart failure, IE, Af...etc
- More p'ts than Infectious Disease

Real life in Birmingham

- Few things you can do.....
- Go home at around 16:00~18:00
- Studying, reading, cooking
- Recreation Center of UAB (*\$40 USD/month*)
- Social life-***Southern Hospitality!!!***

Application

- 記得向系辦報名!!!!!!!!!!!!!!
- **TOEFL→ minimum IBT 100, speaking minimum 22**
- Health form
- Photo
- Curriculum Vitae/ Résumé
- Statement of Approval from your home school Dean
- Copy of passport...etc

Contact program coordinator

- **Marla Ferguson**
Assistant Registrar
P: 205-934-3821
mmfergus@uab.edu
- Some courses require manual selection

Other things

- **Find accommodation** → **student housing**(30 or 21\$/day)
- Book plane ticket → International flight, domestic flight
- Airport pickup

- Contact Dr. Chen → student housing, daily life supply

Contact information

- 陳郁瑛 醫師 Dr. Yuying Chen, MD, PhD
 - Associate Professor & Director of National Spinal Cord Injury Statistical Center, University of Alabama Birmingham
 - Phone: +1-205-934-3329
 - Email: yuyingchen@uabmc.edu

What this experience brought to me

- American health system
- Practice language
- Meet people and make friends!!!

What this experience meant to me

- Action speaks louder than words
- The ability to solve problems
- ***Broaden horizon, adventure, explore!!! → introspection***
- **Learn to be humble**
- **Learn to cherish, to be grateful to everything**

Special Application Homepage for the 2014 Application Year

Welcome to the UASOM Special Programs Application Homepage. From this site you may begin your Non-UAB International Student Application.

To begin filling in your application click the 'Biographical Information/Address' link below. There are a number of forms that need to be completed and then uploaded into the application. Links to those forms are available in the right hand column 'Important Links'. Please print these out and begin completing those as soon as possible. Once complete, scan them into your computer and upload them into the special application by choosing the corresponding link in the left hand column. After you have entered the required information, that page will be marked as complete. The Health Compliance Documentation and UAB Sponsor Letter will be marked by the Visiting Student Program Manager. Once all your pages are marked as complete you can submit your application by clicking the link FINALIZE YOUR APPLICATION.

Prerequisites	MUST HAVE COMPLETED THE MEDICINE AND SURGERY CLERKSHIPS PRIOR TO ENROLLING IN THIS COURSE. Internal Medicine, Surgery		
Visiting Students	Accepts students from US LCME accredited schools. Accepts students from non-LCME accredited schools with a TOEFL Score. Accepts students from Osteopathic Schools. Course Contact will provide details about approvals for this course		
Course Description	This elective rotation has been designed as a good experience for the student who is considering a career in Anesthesiology. Each student will be assigned to an anesthesia resident for the duration of the rotation. The student will participate in all areas of patient care under the continuous supervision of this resident and their assigned attending. During the rotation, a reasonable degree of proficiency in technical skills should be acquired including airway management, mask ventilation, endotracheal intubation and bronchoscopy. There will be opportunities for observed and performing invasive monitoring and regional anesthetic techniques. The essentials of sedative, analgesic and anesthetic pharmacology will be taught. The student will learn the fundamentals of cardio respiratory monitoring and the principles of mechanical ventilation. Students are only allowed to miss 2 days during this 4 week rotation. If a student anticipates missing more than 2 days during this rotation, they must get prior approval from the course contact and medical student director. If prior approval is not obtained, the student's final grade could be impacted in a negative way up to a Fail from the rotation.		
Where To Report	JT 958 (you will be contacted with time) for orientation first day of rotation. Please come dressed in scrubs.
